

# INTERNATIONAL JOURNAL FOR ADVANCE RESEARCH IN ENGINEERING AND TECHNOLOGY

*WINGS TO YOUR THOUGHTS.....*

Webpage: [www.ijaret.org](http://www.ijaret.org)

E-mail: [ijaret03@gmail.com](mailto:ijaret03@gmail.com)

## Guideline for research paper writing

Divide you work in following sections:

1. **Title:** Choose a title, which define your work in one or two line. Before selecting the title of paper, check it in [www.google.com](http://www.google.com) or <http://scholar.google.co.in> it is already used by someone or not. If it is already used then change it.
2. **Abstract:** Define your work within the limit of 250-300 words, which includes the details about your problem, its solution and how it is better than others.
3. **Keywords:** It includes the 3-5 words/terms, which will be mainly repeated in your paper.
4. **Introduction:** This part includes the literature survey of your work, the knowledge of this concepts are required to understand by your work.
5. **Methodology:** This part includes the detail of your work, algorithms, flowcharts and techniques.
6. **Result:** This part explain the result of your work in the form of table, graph or figure.
7. **Discussions/Analysis:** This part explains the analysis of your work and you may also include the feature scope in this part.
8. **Conclusion:** Just conclude your paper.
9. **References:** In this part you add all the list of references in your paper.  
Example: author name, "title of the paper", title of journal/conference, volume, issue no., month and year.

**NOTE: AVOID USING PHRASES LIKE AS, I think, I suppose, I guess.**

Submit your paper on E-mail: [ijaret03@gmail.com](mailto:ijaret03@gmail.com)

After it "IJARET" highly encourage our authors, to use anti-plagiarism software to detect plagiarism.

Some software is:

- I. Viper
- II. Plagtracker.com
